

9100

*9100 in
bayou bronze
with backlit
topper*

The 9100 is our best selling ATM. This extremely popular machine was designed to be the lowest cost high-performance ATM in the industry. And it has proven to be perfectly suited for owners who need functionality and performance at a lower price point.

The best low cost ATM in the industry, bar none.

The 9100 delivers Triton's unparalleled reliability and offers a number of additional features designed to maximize uptime, such as automatic error recovery. The 9100 also features Triton's own TDM-100 dispensing mechanism, which incorporates state-of-the-art electronics and a host of features including locking cassette.

And even though the 9100 features the lowest cost of ownership in the industry, it still incorporates many of the industry's tightest security features, such as Encrypting PIN Pad (EPP) and Triple DES, the new standard for PIN encryption.

Dollar for dollar, Triton's 9100 is simply the best low cost ATM in the industry, bar none.
